SING YOUR SONG - VOLUNTEER TODAY!

With such busy lives, volunteering seems counter-intuitive to achieving a healthy life-balance - but many studies cite volunteering as the secret ingredient to a happy & fulfilled life. Music Boosters may be the best place to wade into the volunteering pool, as most positions require only a short time commitment. We have some open positions on the Music Booster's Board as well as other areas where we need your assistance. Concerts and festivals require coordination and parent involvement to be a success, so please consider those opportunities.

- Checkboxes for: I am interested in volunteering, but I would like more information; I am interested in the following volunteer opportunities: Volunteer Coordinator, General Volunteer for Events, Classroom Volunteer.
